

ATLANTA CHALLENGE TEAM BUILDING RATE SCHEDULE - SUMMER 2017

RATES FOR UP TO 20 PEOPLE

HOW OUR RATES WORK

To calculate what your total would be, just multiply the number of people in your group times the appropriate rate.

$$\begin{array}{|c|} \hline \text{your} \\ \text{group} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{the per person rate} \\ \text{for the program you} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{your} \\ \hline \end{array}$$

For example:

Say you want to do *Teamwork Quest* and you have 25 people. The per person rate for that number of people is \$59, so your total would be 25 ppl x \$59 = \$1,475. That's it! There are NO additional charges, fees or taxes, except for out of town events and credit card payments (2%). We will always disclose any extra fees up front if they apply.

What if my group is smaller than the lowest amount?

The cost is based on the lowest participant number in the price chart, times that rate.

For example:

Say you have 6 people and want to do the *Teamwork Quest*. The smallest number of people shown in the rate chart is for 10 people, so the rate would be 10ppl x \$62 = \$650. That would be the total cost for up to 10 people, except for out of town events and credit card payments (2%). We will always disclose any extra fees up front if they apply.
