

TEAM FUN

SURVIVORS

Teams compete in a series of fun jungle-themed challenges, using their points to vote other teams out of the jungle.

Overview

Multiple team challenges abound in this fast-moving event! Each tribe competes in a series of table-top and light movement challenges while trying to eliminate their opponents! At each activity, teams earn ballots that they use to vote against the other teams. The winning team is the one with the *fewest* votes cast against them. Agenda & Activities

Welcome & Warm-Ups (5-10 minutes) Atlanta Challenge staff welcome the group and set expectations for the event. We lead fun warm-up activities that get the group moving and ready to fully participate.

Team Up (5-10 minutes) The group is split into smaller project teams by means of a game where they don't realize they are forming teams. Each team creates a tropical-themed name and flag which helps build energy and competitive spirit.

Program Overview (5 minutes) We briefly explain how the event and scoring work.

Island Challenges (60-90 minutes) The specific games that will be played are determined by the overall size of the group, schedule, and the space available for the program. *Some possibilities include:*

Tribe Trivia: This team trivia challenge helps groups get to know each other better while earning points.

Tiki Totem: Teams race to build the tallest tiki pole they can, matching the various pieces in the correct order.

Jungle Path: Teams must navigate through a jungle maze using a team device that requires all hands.

Quick Sand: Teams transport a precariously balanced arrangement of items from one place to another, losing points as they lose items along the way.

Memory Masters: In this fast-paced brainteaser, teams must identify, remember, and organize a variety of items before time runs out!

Voting (ongoing) After each challenge, teams earn "votes" (which they cast against other teams) and "exemptions" (which protect from some votes cast against them).

Final Scoring Atlanta Challenge staff announce the high scoring team for each challenge, and the voting results. We reveal the team with the most votes against them as well as the winning survivors.
