

TEAM FUN

TEAM NETWORKING

Participants network with as many people as possible, and work together to be successful in this fun event.

Overview

In this fun and fast-paced corporate networking activity, participants work through a series of challenges to earn points individually, based on how well their team does. Between each challenge, everyone is moved to a new team, so in order to succeed individually participants need to do their best with each new group. Participants get to work with a wide variety of people, reinforcing the skills it takes to hit the ground running with a new group. A great way to get students, campers, or staff meeting a lot of new people in a short time.

Goals

- ✓ Reinforce the importance of working with others.
- ✓ Get to know as many other people as possible.
- ✓ Improve ability to adapt quickly to a new group and be successful.

TEAM NETWORKING

Agenda & Activity Descriptions

Welcome & Warm-Ups (5-10 minutes) Atlanta Challenge staff welcome everyone to the networking activity and lead some fun icebreakers to get the group fully engaged.

Event Intro (5 minutes) Our staff explain the rules for the event and distribute materials to the teams.

First Team Up (5 minutes) Participants take a moment to get to know their teammates better. Between each challenge, everyone moves to a new team, allowing for maximum networking in the group. A short get-to-know-you segment precedes each of the networking activities.

Group Challenges (45-90 minutes) Participants rotate through a series of challenges they complete with a different team each challenge. Each challenge contributes to the participants' individual score sheets. We provide a range of challenge styles so that everyone has an opportunity to shine. Final networking activities are based on group size, time allotted, and venue.

Sample activities include:

Reaching New Heights Teams build the tallest tower they can, using a limited supply of unlikely construction materials.

Bridging The Gap Teams work in two groups to connect a bridge, but they are on opposite sides of a screen. They must communicate in order to get their bridges to meet perfectly in the middle.

Hitting The Numbers Teams must successfully transport "customers" using only the resources given. Some "customers" have more value than others, but greater consequences for failure.

Shape Up Teams are given sets of puzzle pieces and matching outlines. But the people assembling the puzzles must rely on instructions from their team mates.

Customer Capture Each team is given a bag full of everyday office items. They must construct a device capable of catching a raw egg dropped from a height of 8 feet. Each item is assigned a cost, and teams are given a budget and deadline that they must stay under.

Catapult To Success Teams are given materials for constructing a working catapult. They will need to strategize which design will best to accomplish their goal of reaching their quota.

Scoring & Winner Announcements (5-10 minutes) Individual score cards are tallied, and we announce the high scoring participants.

Wrap-Up (5 minutes) We end with a few final words and a group picture.

Service Project Option

Teams use the points they earn to "purchase" items from a store that we set up at the event.. At the end of the event, teams place their items into a backpack or gift bag or box. This can be done as a food drive, back-to-school backpacks, emergency shelter pack, gift bag of toys, etc. Add \$10-20 per person depending on how much you want to give.
