# VIRTUAL MURDER MYSTERY

A fun app-based remote activity that gets teams interacting with each other as they solve a mysterious crime.

## Agenda & Activities

**Welcome & Warm-Ups** (2 minutes) Our staff welcome the participants and lead some fun virtual warm-up activities to get everyone ready to go.

**App Orientation** (5 minutes) We provide everyone with instructions for downloading the app and how to play the game in their teams.

**Someone Dies!** (3 minutes) Our fun animated scene gives everyone an introduction to the characters, and then they witness the crime that needs to be solved.

**Team Up!** (1 minute) We split the group into teams of 5-6 people and send them to private breakout rooms.

**The Mystery!** (60-90 minutes) Teams earn points by solving the mystery, and completing tasks in the mobile app.

**Mystery Sleuthing:** Each team is given several clues to help them solve the mystery, but each team has different clues, so they will need to network effectively to piece it all together.

**Photo Missions:** These are fun shots that teams take of themselves to help them get to know each other and have some fun. All photos are put in a gallery for everyone after the event.

**Video Challenge:** Teams will produce a new jingle for the fictitious company where the crime happens. Teams then vote for the best jingle during our jingle show down.

**Solved** (5 minutes) Your host dramatically reveals all of the evidence and clues, eliminating suspects until our true villain remains.

**Scores** (1 minute) We share the points earned by each team and announce our winning team.

**Wrap-Up** (2 minutes) A quick review of some of the best photos taken during the event to finish on a high note.
